

DESCRIPTION

The 6981 hand wash sink is a wall mounted service sink fabricated from heavy gauge stainless steel as required for commercial applications. The unit fastens to the wall utilizing a "Z" clip hanger brackets and (2) matching stainless steel angle brackets. Overall size of sink is 48" x 20" (1219mm x 508mm)

SPECIFICATION

The 6981 hand wash sink is fabricated from 16 gauge type 304 stainless steel polished to a # 4 satin finish. This fixture is constructed with 3/4" radiused coved corners. The sink is 8" deep with a die stamped bottom for positive drainage. The drain hole is 3-1/2". The backsplash is 10" high with a 2" flange returned to the wall on 3/4" radius. The faucet holes are 1-1/2" on 8" centers. The front and sides have 1-1/2" rolled rims joined into the backsplash.

Unit may be pictured with some optional features.
